

Defend-X[®]

Life Saver Hard Armor

THE FIRST LINE OF DEFENSE

The **Defend-X[®] Life Saver Hard Armor** is the ultimate form of personal ballistic protection available. The **Defend-X[®] Life Saver Hard Armor** is the first proven non-ceramic NIJ Certified M855 multiple round stand-alone hard armor on the market today. The **Defend-X[®] Life Saver Hard Armor** will defeat multiple rounds of 5.56 x 45 mm 62 GR, M855 (SS109 Green tip) @ 3200 fps. (+/- 100 fps.). Our NIJ certified level IV Hard Armor will stop 30 Cal. M2 AP, and 7.62 x 39 Armor Piercing Incendiary Projectiles, and all lesser threats.

Defenstech pioneered a rifle plate for police officer vests utilizing the existing trauma pouch for protection against rifle fire. **Defend-X[®] Life Saver Hard Armor** is designed to fit most standard carrier harnesses (or vests). Our patented process can be designed to the users requirements or specifications.

Municipalities can obtain assistance with your purchase through the Bulletproof Vest Partnership Grant Act. The BVP assists states, counties and cities in obtaining funds to purchase ballistic vests for law enforcement officers. Contact our sales team for Grant Information.
